

NatureScaping Wildlife Botanical Gardens

PO Box 763 □ Brush Prairie, WA 98606

March 18, 2017

10:00 a.m. to 12:00 p.m.

Mindful Pruning

Strategies for Ornamental, Woody Plants

Presented by

Beth Goodnight, landscape designer and gardening coach

Learn how a plant responds when it's pruned. Learn how to guide a plant's shape and size with careful, thoughtful pruning. Not all woody plants are to be pruned the same way. Break the mold of shearing everything!

There will be a class presentation and demonstrations out in the gardens so please dress appropriately.

If you have specific questions, please submit them when registering for the class via email prior to the event.

**Class Location: CASEE Center, Building B, Room 205
11104 NE 149th Street, Brush Prairie, WA. 98606**

Day/Time: Saturday, March 18, 2017 10:00 a.m. - noon

**Fees: Naturescaping members free or \$15.00 for non-members.
Membership per year is \$20.00 (\$15.00) for seniors.**
